

Science Club Conservation Biology Tour

Sponsored by Dr. James Howell, Professor of Biology and Plant Systematics
and
Prof. Steven Heninger, Professor of Chemistry

Visit Dolly Sods Wilderness Area in West Virginia

on this all day field trip

(and get a taste of what our Field Studies course is like)

Thursday Nov 7th depart at 8:30 a.m. from the Green House

Return about 5p.m.

Dress Warm, wear sturdy shoes, expect cold wet weather

Bring your lunch

Student Registration \$1.00 in advance to [Roberta Mills](#) in S-50 by November 5
(Registration fee returned upon attendance)

Students in the Science Club and other students interested in plant science, forestry,
and conservation biology are invited to participate

*Dr. Howell, Ph.D. has taught plant systematics and biology courses at ACM since before the giant sequoias sprouted. Among other responsibilities he teaches: forest biology, botany, environmental science, and many of the biology courses. He also oversees the college's arboretum, greenhouse, and is an advisor to the Veterans club. He mentors biology and forestry students, and veterans.

Prof. Steve Heninger has taught sciences and mentored students for over 20 years at ACM. He has worked as an exploration geologist and coal chemist. His teaching focus is organic and inorganic chemistry and geology. He mentors Nanotechnology and Chemistry students.

Science Club Leaders

Science Club President Ms. Fatumata Siako, Pre-Medicine
Science Club Vice President Ms. Karly Taylor, Biology
Science Secretary Ms. Kaylynn Hargraves, Pre Pharmacy
Science Treasurer Mr. Allen Benton III, Computer Science

Discover the Science
